

# CLEAN LINE

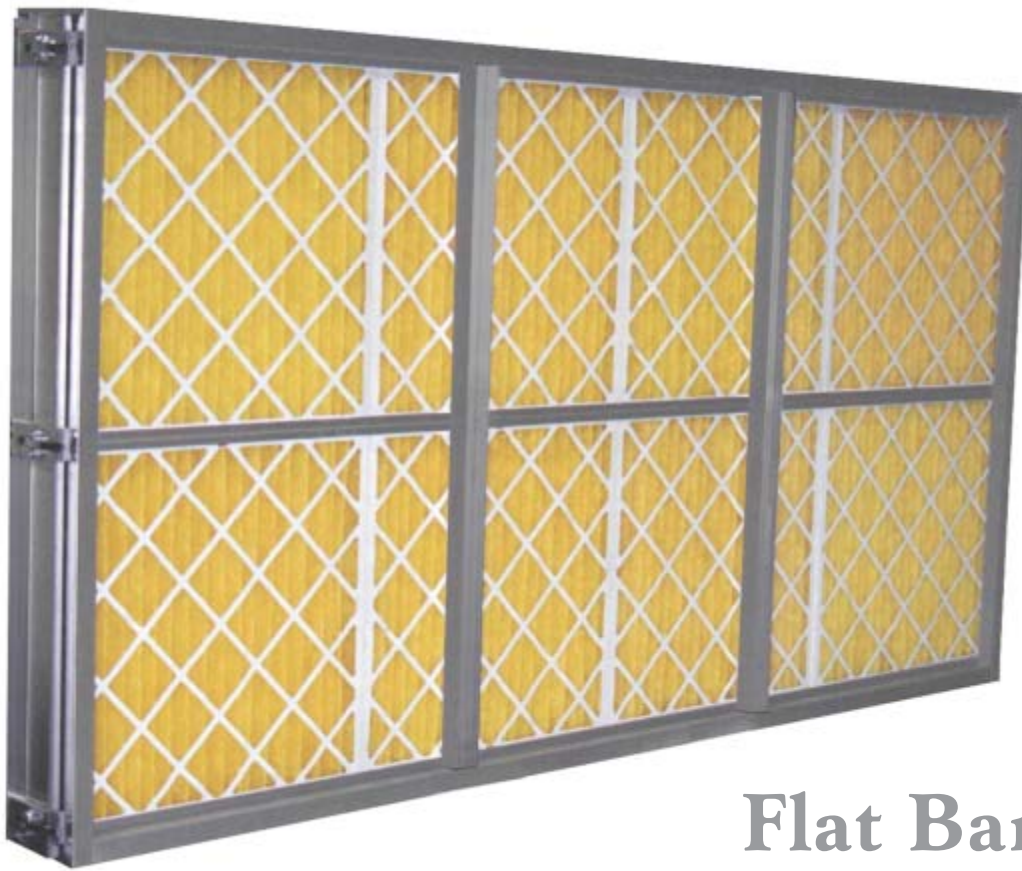

## AIR FILTRATION EQUIPMENT

The BLC Series of CLEAN-LINE Air Filtration Equipment is manufactured from 16 gauge Aluminized Steel and completely factory assembled with a 1 year All Parts Warranty. Unparalleled service, economy, lift-off doors, extruded tracks and countless options demonstrate BLC's commitment to total quality and clean air!

### V-Bank Housing

The "V" configuration of BLC's V-Bank Housing is calculated to provide the highest air flow capacities for the allotted space. Designed for either 2" or 4" ASHRAE filters, the V-Bank can be used in numerous applications offering maximum air flow volumes with superior filtering flexibility.

The Flat Bank Housing is designed for 2 and 4 inch panel styled filters. It is used in applications where minimal air filtration is required or where a prefilter section for fans, coils or higher efficiency filters may be needed.

## Flat Bank Housing

## Filter Lock Housing

The Filter Lock Housing is an easy to use, highly effective filter housing. Its spring activated locking mechanism (right-hand photo) is designed to accept high efficiency, 1 inch header styled ASHRAE filters, providing a positive seal for each individual filter. With either a 2 or 4 inch track available for standard prefiltering, this unit deserves its reputation as the best Side Access Housing on the market.

# Side Access Housings:

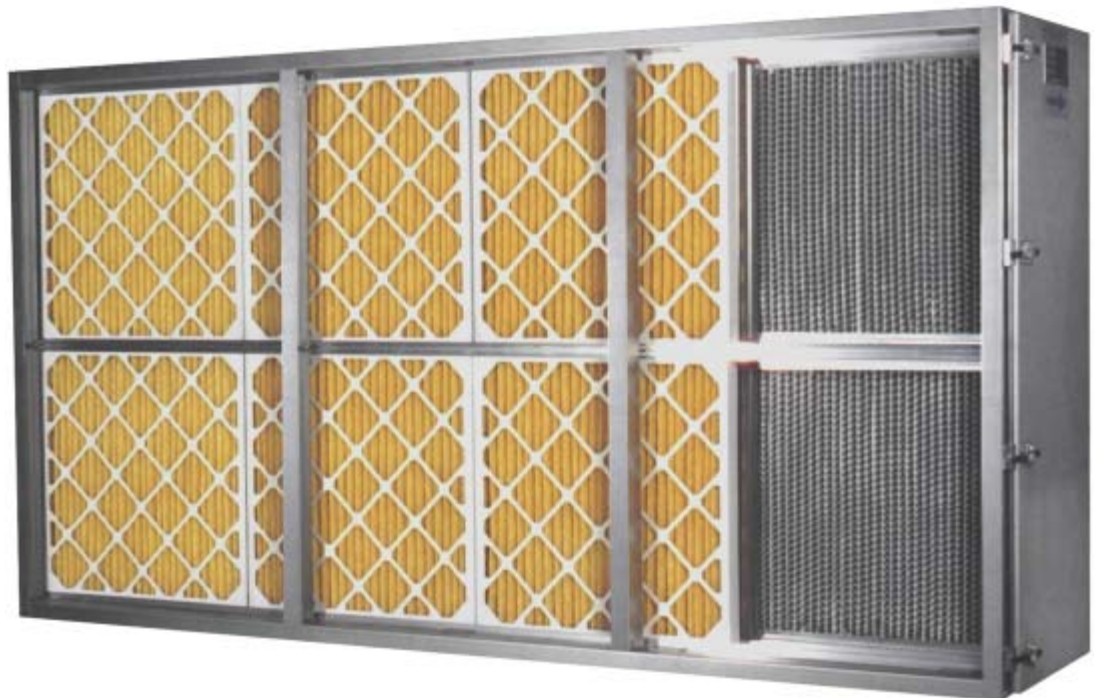

12"

The 12" Side Access Housing has been developed by BLC exclusively for low cost, general ventilation requirements. This uniquely designed unit is equipped with a 2" - 4" extruded aluminum track configuration, allowing remarkable flexibility and versatility. It can be used in any number of widely different applications.

21"/26"/38"/42"

BLC's Series of 4 standard Side Access Housings are designed for two-stage medium to high (30%-95%) efficiency filtration. This very unique custom sizing provides enormous range and capacity, allowing our units to accommodate most ASHRAE 2" or 4" prefilters and any 1" header style filter available. BLC's built-in flexibility will most definitely fit your application.

## OPTIONS

BLC offers more construction options than anyone in the industry. All these CLEAN-LINE options are readily available and add no additional time to deliveries:

- INSULATION
- DOUBLE WALL INSULATION
- WEATHERPROOFING
- HIGH PRESSURE
- FLANGE ADAPTERS
- SUPPORT LEGS
