ACCESS-LINE™ SERIES TRN TRANSITION

Transition

The ACCESS-LINE™ Series TRN Transitions are designed to allow any type of air filtration or purification system to be customized to your specifications. Square to Square, Square to Round with a variety of ductwork connections (such as drilled flange collars, etc.) save time, field labor and costly off-site fabrication charges.

The ACCESS-LINE™ Series TRN Transitions are ideal for assuring that your filtration system is complete with correct dimensions from start to finish. Transitions can be shipped for field assembly or they can be factory installed.

(Shown with Drilled Flange Option)
