# ACCESS-LINE™ SERIES WTH WEATHERHOOD

## Weatherhood

The ACCESS-LINE™ Series WTH Weatherhoods are designed to perform in the most outdoor conditions. The angled air-intake design with birdscreen is proven to be the best method of preventing infiltration of rain, snow and debris, keeping the air filters clean and dry, reducing the energy and labor costs of system operation.

The ACCESS-LINE™ Series WTH Weatherhoods are available in all of the side access housings standard unit sizes to provide for a matched set of unitary dimensions for unit and total system installation. This will eliminate the need for any weatherhood to unit transitions, saving time and money by reducing expensive field labor.

## Dimensional Data

HEIGHT CODE (Nominal)	ACTUAL HEIGHT	MODEL EXT. CFM @ 500 FPM	WIDTH CODE (Nominal)									
			01	02	03	04	05	06	07	08	09	10
